SUBJECT: Change in status of WMHA

Dear National Secretary:

At Billings, MT National Convention July 19, 1996, our Western Motorhome Association voted to become an association and not a chapter. This vote was taken with careful consideration, and the majority voted to change. Consequently, we do not need the enclosed roster to update. We have been sent these in the past and when George Rogers was the Western Region Vice President, he mentioned many times at Cincinnati that these were not necessary for our membership as all chapter members in the State of California are listed in their respective chapters.

Also enclosed are the Association Officers elected at Billings. With the vote to change to an association, the offices of National and Alternate National Director have been deleted.

If further information is needed, please advise.
